POLİKARBONAT LEVHA

- Polikarbonat levha geniş bir kullanım alanına sahiptir. Soğuk olarak şekillendirilebilmesi özelliğiyle diğer kaplama malzemelerine göre uygulamalarda tasarım olanağını arttırmaktadır.
- Renkler : Beyaz, Şeffaf, Bronz, Mavi, Yeşil
- Kullanım Avantajları: Işık İletimi - Darbe Dayanımı - Hafiflik - UV Koruması - Ateşe karşı dayanıklılık - Ses ve Isı Yalıtımı - Kolay Kurulum
- Polikarbonat ile ilgili diğer ürünlerimiz : Alüminyum alt - üst kapak çeşitleri (ışıklık profilleri) Yalıtım fitili - Vida ve sıkma uçları
